

Michael Martinson

714 604 8818

michaelmartinson23@gmail.com

Orange County, CA

One year of experience as a Software Developer Engineer at Amazon. I am eager to learn something new and challenge myself. I am not scared of failure because I know failure is just an opportunity to learn and improve. If I lack knowledge to solve a problem I am confident that I can quickly gain the skills necessary to solve it. I would say that my strengths are: fast learner, persistent, hard worker, team player, passionate, optimistic, eager.

Education

Bachelor of Science in Computer Science, **University of Chicago**

Expected June 2021

Varsity Student-Athlete with Cumulative GPA 3.5/4.00

Honors: Dean's List, Academic All-Conference

Technical Skills
